

Dr. Frank W. Rees, Jr., AIA, LEED AP
is presenting at the 2009 AMAR International
Conference

Dr. Frank W. Rees, Jr., AIA, LEED AP will be presenting *Building vs. Adapting Assisted Living and Continuing Care Retirement Communities: The On-Going Debate* at the 2009 AMAR International Conference on September 11th in Mexico City at 1:00 pm.

Dr. Rees will be discussing the current U.S. model of developing assisted living and continuing care communities and how it could be adapted for Mexico to provide the culture with a responsive development model. Examples of successful models and developments will be presented to the attendees of the conference.
