

## REES OPENS NEW BALTIMORE OFFICE

Rees Associates, Inc. is proud to announce the opening of a New Baltimore Office. REES believes Baltimore is a location of ever-growing opportunity and has decided that a permanent Baltimore presence will help serve our international clients more efficiently and effectively. The leader of the Baltimore office is REES Vice President Beverly Brandon. Beverly is a long-time resident of Baltimore, Maryland. She has served the community as a nationally recognized architect in planning, research and design of senior living facilities. With over 33 years of experience in senior living facilities and residency of Baltimore, Beverly is excited for the opportunity of REES serving the market and local community.

*"As we all know, sometimes finding the perfect fit can be a challenge. But, not this time. When REES was looking for a northeast office location, Baltimore was immediately selected. That's because, the people who reside there are hard working, honest and who speak the truth and deserve the best. REES will fit right in,"* says Brandon.
