REES OPENS INDIANAPOLIS OFFICE

REES is pleased to announce the formation of an office in Indianapolis, Indiana.

Enhancing REES's Midwestern presence, the office will be a partnership between REES and established local firm Prince/Alexander. The relationship, cemented April 1, will be called REES Alexander and could lead to a future formal acquisition.

The Indianapolis office will be led by Stephen Alexander, who founded Prince/Alexander more than 25 years ago. Alexander's proven experience in serving Midwestern clients will allow REES Alexander to provide unparalleled service to the region.

"REES is thrilled with the unique combination of the can-do attitude that's prevalent in Indianapolis and the substantial high-quality portfolio of work represented by Steve Alexander," said Dr. Frank W. Rees, AIA, LEED AP, Chairman and CEO of Rees Associates, Inc.

For more information about REES Alexander or the REES portfolio, please call 317-261-0070 or visit www.rees.com.
