

VISIT REES AT THE PBS ANNUAL MEETING

REES' broadcast planning and design team is dedicated to helping our clients maximize their capital investments and provide superior programming through state-of-the-art building design and technology. Throughout our 34-year history, we have served Public Broadcasting entities in 24 states. Our depth of experience means that we have the necessary expertise to assist our clients in driving capital and expense costs below industry benchmarks.

We hope to see you at the PBS Annual Meeting May 17th through May 20th in Austin, Texas. Please visit us at booth #3A.
