

REES HONORED AS 2010 INTERIOR DESIGN GIANT

Continuing a long-standing tradition of excellence in Interior Design, REES is proud to have been ranked in *Interior Design* magazine's annual "Giants" survey!

The survey honors the nation's top-performing firms by annual Interior Design revenues. REES, which has been ranked among the country's top firms for several years, has completed award-winning interior design projects for our clients in the Corporate/Commercial, Higher Education, Healthcare, Government, Justice, Broadcast, and Senior Living specialties.

In addition to the ranking, the "Giants" article features a photograph of REES' Atlanta office, which recently received LEED Silver Certification. The office, located in Midtown Atlanta, is one of REES' nine locations, including Baltimore, Dallas, Houston, Indianapolis, Mexico City, Oklahoma City, San Antonio, and Spokane.
